Annual reduction needed to meet 2020 goal: 104,000 - 179,000 MTCO_{2e}

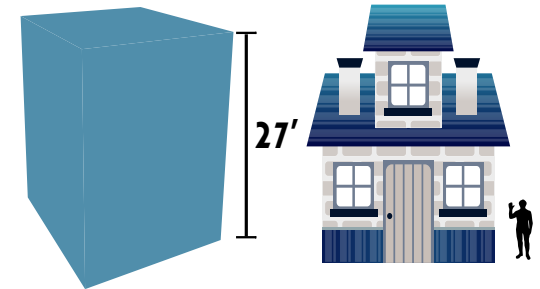

Cummulative Emissions Reduction Thermometer

Audits and efficiency upgrades have resulted in reductions of

188 metric tons of CO₂ annually

That's the equivalent to powering almost

26 homes in Benicia each year

One metric ton of CO₂ (MTCO_{2e}) is enough to fill a cube nearly 27 feet high.
